SUBJECT: San Rafael Gypsum Project - Large mine permit application  
State Identifier Number: UT930702-030

Dear Mr. Shepherd:

The Resource Development Coordinating Committee, representing the State of Utah, has reviewed this plan revision. The Division of State History comments:

The Utah State History Preservation Office has reviewed our cultural resource files for the above requested project area. No historic properties have been recorded within the project area because no historic properties' surveys have been conducted.

A survey of the area may identify historic properties, some of which may be eligible for the National Register of Historic Places. Our office would recommend a survey.

If you have any questions regarding this, please contact James Dykman at 533-3555. Please refer to Case No. 93-1102.

The Committee appreciates the opportunity to review this proposal. Please direct any other written questions regarding this correspondence to the Utah State Clearinghouse at the above address or call Carolyn Wright at (801) 538-1535 or John Harja at (801) 538-1559.

Sincerely,

for Brad T. Barber  
State Planning Coordinator
